

Canto MMIII

The enormous tragedy of the dream on the fan's bent
shoulders

Little! Little should be tanned and stuffed

Like MacNamara a la 1986

Committing *seppuku* in the Stadium

Thus Angell / the weight the weight the WAIT!

Mocked at, mocked by Yankee fans, so often crucified

Where else in sports history will you find it?

Yes, say this to Wakefield, with a bang, not a whimper

With a homer not with a dribbler

To rid the city of Boston whose fanatics wish upon their stars

Of the Curse, and those smug eyes, not quiet, scornful,

Aaron Boone also of the process?

Aaron's rod / gt. God!
